

## eBridge Software Releases New and Updated EDI Integration Connections for Walgreens, Target, Home Hardware and more.

**BURLINGTON, Ontario [Mar 22, 2010]** – eBridge Software announced today that it has released [new and updated integration connections on the ePortal](#). These connections allow business owners to integrate data from EDI trading partners to over 37 accounting packages including Sage, Microsoft, Intuit, SAP Business One and more.

With an eBridge Integration Solution working in conjunction with ePortal, data can be automatically and bi-directionally exchanged with your financial system to eliminate the manual data entry process. Through ePortal online solution, your financial system is connected to your EDI trading partners, Webstore customers and external business systems (CRM, SCM, etc.) for a streamlined and uninterrupted data flow. ePortal is the eBridge *Software-as-a-Service (SaaS)* solution that takes the complexity out of data exchange and integration for your business processes.
